An electric green strip of the Northern Lights hangs above the majestic Hotel Ranga in Iceland.

We love the idea of whisking off to Iceland following a winter wedding and recommend our friends at Hotel Ranga, a charming 4-star countryside hotel with beautiful cozy rooms, ideal for intimate, undisturbed evenings.

Opt for Opulence in a Historic Castle

Rolling Italian hills, 13th century medieval castles and lush green gardens are at the height of honeymoon romance. Combining a historic setting with the rustic charm of rural Tuscany is exactly what our third luxe honeymoon destination offers. If you fancy playing lady of the manor and snuggling up with your newly-crowned spouse in splendidly detailed rooms, Castello di Meleto was designed for you.

Play lord and lady of the manor and honeymoon in a medieval 13th century Tuscan castle.

The height of grandeur, a honeymoon cosied up on lush sofas in the Chianti region is purely decadent. And of course, a vineyard tour and Chianti tasting would be an indulgent way to relax in such picturesque settings.
